

WEEKLY REPORT

Work done in last week (Attach supporting Documents):

1. Created the stored procedure to store and retrieve the data from the database.
2. Completed the remaining task and got the review points of the code and all API's.
3. Review points which are given.
 - I have to used database service which has already created in the system but i created new
 - Some flags are missing and also remaining with the validation in the all API's.
 - In some API's parameter level comments are missing..
4. Start working on the given review points.
5. Lock all 5 paragraphs in the MEM portal.

Reason for incomplete work:

1. Some mistakes are in making API's so I have to work on all review points.

Plans for next week:

1. Try to finish all the review points and complete the task.
2. Try to finish Typing test
